My group chat friends as a football team of a small town American High School

Well 1st i- Me: Quarterback, all-american boy, leader, hunK

Isaac - wide reciever, hotshot star who trash talks, good hands

Emily - Rookie/frosh Running back, nerves but has a heart of Gold, comes in clutch towards end of season

Dylan & James - Linebackers "The Tustin Chain Gang". They do enormous blocks, hits, and tackles, usually found eating wings at the local BBQ spot after practice

Aron - Defensive End / Linebacker "The Russian Henchman". Doesn't get along with team at first, rocker attitude, becomes a member of the 'Tustin Chain Gang" later

Dylan & Pancho - Safety / Cornerbacks: the D line "raptors", similar hot shot attitudes to Isaac. They chase girls and drive fast cars.

Reb - Bad-girl cheerleader, queen bee of school, drinks alcohol with other players after-game

Violet - Good-girl cheerleader: school president, honorroll, Dad is heavily involved with team

Aman - Coach Amandeep "Johnny Madden" Singh. Best coach the county. many division titles but still hungry for state championship

Jane - my brother who taught me everything, currently serving in the Iraq war. Keeps my player picture in combat helmet
